***HIGH COUNTRY***

## Australis High Country

The Australis High Country is the ideal companion for adventure seekers, offering the freedom to explore remote areas while still enjoying the comforts of home.

Whether you're embarking on an off-the-grid camping trip, a backcountry expedition, or an exploration of uncharted territories; the Australis High Country is ready for your offroad adventures.

### Next Generation Enhancements

Our innovative design combines rugged capability with spaciousness. Building on our strong foundation, the next-generation High Country introduces upgrades that serious off-road travellers will appreciate:

- Raised X-Plate Protection – now H870mm for superior terrain defence
- Dual 315A Lithium batteries – double the previous power capacity for extended adventures.
- Premium Edge Capping - heavy-duty construction with engraved logo corners
- 3000W Inverter – home-like power supply for essential electronics.
- Under body protection
- Slide-out options available on select layouts.
- Instant Hot Water Service

## Australian Engineered & Built

*Australis Caravans is driven to design and build innovative, modern caravans with the right combination of features, smart comfort and safety. Our foundation of over 30 years of industry experience combined with our master caravan builders has produced a range of caravans for exploring the great Australian coastline, overland and high country.*

**HIGH COUNTRY**

The image shows a close-up of a vehicle's side panel. The text 'HIGH COUNTRY' is prominently displayed in a bold, italicized, sans-serif font. Above the text, there are three diagonal stripes. Below the text, there is a horizontal line and a perforated metal section. To the right, a window is visible, reflecting the surrounding environment. The overall color scheme is dark with white and light gray accents.

	Display
Sway Control	Anti Sway Control System
